BA (HONS) COMMUNITY & SOCIAL CARE POLICY AND PRACTICE

Top Up delivered and awarded at UCLAN Preston

BA (HONS) WORKING WITH CHILDREN IN EARLY YEARS & EDUCATION

Top Up delivered at Cardinal Newman College and
awarded by Middlesex University

ALTERNATIVE PATHWAY

BSC (HONS) PHYSIOTHERAPY, NURSING OR MIDWIFERY

Full 3 year degrees delivered and awarded at UCLAN Preston

- A Foundation Degree is ideal if you want to study while you work and gain professional and technical skills to further your career
- Foundation Degrees form the first and second year of a BA (Hons) / BSc (Hons) degree. On completion you can choose to Top-Up with a third year to gain a full honours degree
- This full time Foundation Degree is delivered at Cardinal Newman College every Wednesday 1.00pm to 8.00pm, term time only, for 33 weeks over two years and is awarded by the University of Central Lancashire with whom we work in partnership
- Course fees, funded through the Student Loans Company (www.sl.c.co.uk) are £5995 per annum. Some extra costs may be incurred as the degree is work-based, such as travel, DBS check and a uniform if required
- Foundation Degree students bring their work-based experience, knowledge and skills into the classroom so teaching, learning and assessment for each module is embedded into practice. Reflection is central to this and students soon become skillful at applying theory to their practice
- The modules of this degree include Communication and Collaboration, Care from a Client's Perspective, Anatomy and Physiology, Health Promotion, Long Term Conditions and End of Life Care and Leadership and Management
- Cardinal Newman College is committed to provide outstanding support for all our students, those who are continuing and those re-engaging in education. We have a personalised approach to providing information, advice and guidance from initial enquiry through application, enrolment and induction and beyond

WHAT IS IT LIKE TO STUDY HIGHER EDUCATION AT CARDINAL NEWMAN COLLEGE?

WHAT OUR STUDENTS SAY...

REBECCA MADDOX

"When I found out about the course at Newman I was elated! It was perfect, I could work, gaining valuable experience as well as study a qualification in the field I want a career in! I am gaining such a wealth of knowledge, not only from the teaching staff, but from my fellow students on the course too."

BRAD-LEIGH CORLETT

"There was nothing out there quite like the course at Newman. The topics we are covering are very work-based, relevant and contemporary. I have gained invaluable knowledge that has allowed me to develop as a practitioner. I have chosen to continue my studies with the BA Top-Up at Newman because I am familiar with the teachers and their expectations (which are high) however, this is matched with how supportive they are, and it also allows me to continue to work."

ALISON BURROW

"I had been considering furthering my education for sometime and from the first phone conversation I had with Cardinal Newman College, I knew that this was the right course and College for me. Over the two years of study, I gained confidence in my knowledge, explored new ideas and had the opportunity to learn from others."

REBECCA WHALLEY

"Being on this course puts what I'm learning into practice. It's great to be part of a group who all have the same career aspirations and are working towards the same goal. I feel that I've really developed as a student and an employee whilst I have been on this course."
